07/15/05 / Upcoming NYC Shows

Hi Everyone... we're heading out to NYC next week for a couple of shows:

Nike Run Hit Wonder Tour Wed. 7/20, we kick off the Nike NYC 5-mile run at 6PM on the Central Park East Meadow stage. We'll play for approximately 25 minutes as the runners take off for the race. You do need to be signed up for the race to be there!

For those of you not running, we'll be playing a full set on Thurs. 7/21 at the Spin **Hudson River Rocks** show happening @ Pier 54 in NYC. This is a free show and we go on at 9PM. Hope to see all of you there!

06/27/05 / Meet Chris, our drum tech!

Chris is always snapping away and we want to share some of his photos/vids with you. The vid clips were taken from Chris's cell phone while we were in Europe recently. Most of the photos are from his digital camera and were taken in Las Vegas this past Spring, and have been added to our 'Gold Medal' tour gallery in the Media section. He's sneaky and knows how to grab a good photo or two. We like having Chris around!

Sessions include locations in New York, Chicago, & San Diego.

Every week at Power Chord Academy one professional touring band or artist will perform a concert and hang out afterwards for a question and answer session. The special performance will be closed to the general public and open to attending Power Chord Academy musicians only.

"We are proud to be part of something that encourages and inspires kids to learn and play music; as well as help them build the confidence they will need," said The Donnas Lead Singer Brett Anderson.

Anderson further stated, "We understand how important all this is because we were always looking for that when we first started playing as a band. A little encouragement will go a long way!"

Power Chord Academy is the premier summer camp for amateur musician training and education. Other 2005 Performing Artists include Geffen Records breakout artist Rise Against, along with other Guests from Atlantic Records, Epitaph Records, Kung Fu Records, LA's Indie 103.1FM and more!

For more information, please visit Power Chord Academy on the web at www.powerchordacademy.com
